fuel consumption chart

DISTANCE TRAVELLED

EXAMPLE:

You've travelled 300km and used 30 litres. Average fuel consumption is 10 litres/100km

READ OFF YOUR AVERAGE FUEL CONSUMPTION

1. Ring kilometers on 'distance travelled' line.
2. Ring fuel consumed on the 'fuel used' line.
3. Join the two ringed amounts with a straight line.

Where it bisects the 'fuel consumption' line you'll find your fuel consumption in litres/100km
